Pens and matching
Pencils come in Lus-
trous Ebony Black,
Bright Red, Royal
Blue or Rich Cor-
onation Red.

The Chilton
Wing - Flow
Point is a new
type of fountain
pen point, which,
next to the Chilton
type of fountain pen
construction, has been
acclaimed as the greatest
step forward in fountain
pen history.

The name "Wing-Flow" is
derived from the two "Wings"
of 14 K. gold which lock the
point and the ink feed in
perfect alignment.

Only Chilton Pens

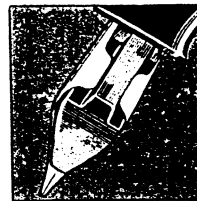

HAVE ALL THESE FEATURES

SUPER-INK CAPACITY

The average writer has to fill his Chilton only once every two months. Ink-tel feature showing when to refill — optional**

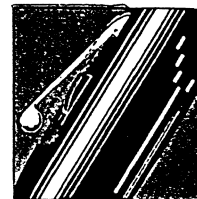

WING-FLOW POINT

The greatest step in pen history. Wing-Flow point, 14 Kt. solid gold, iridium - tipped. Writes at ONCE. Two way writing.

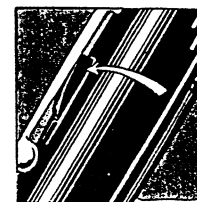

ROCKER CLIP

An exclusive device that prevents bending or breaking. The clip is streamlined and bears no trade-mark.

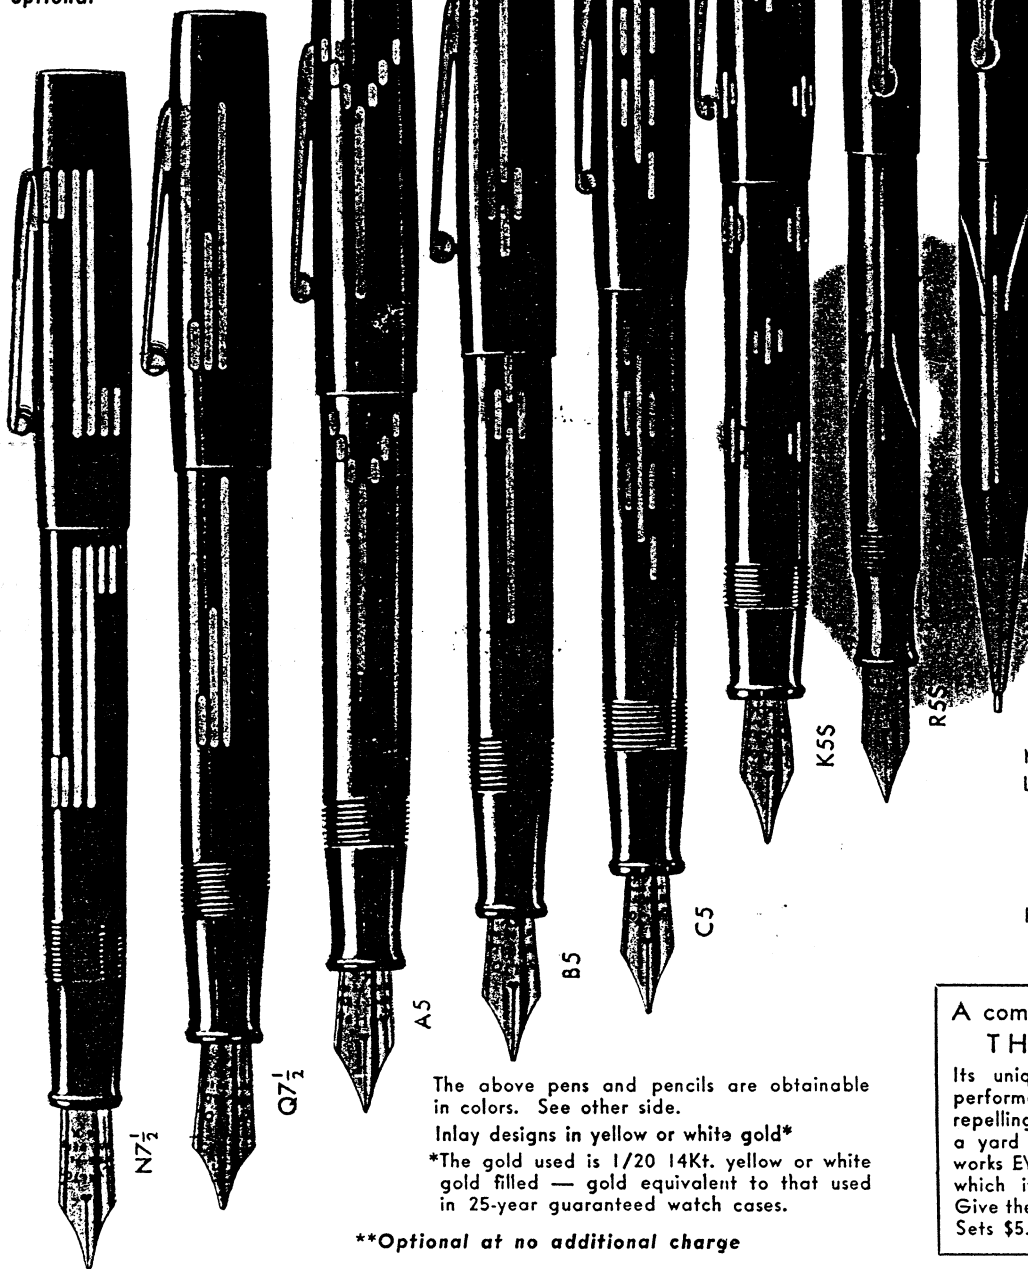

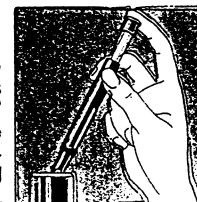

LEAKAGE LOCKED OUT

The Lox-top device the cap locks the pen securely to the barrel when the Chilton is clipped to pocket or purse. Prevents leakage. — optional**

FAREWELL TO PEN-PUMPING

One stroke fills this pen to CAPACITY! It's not a "Pump" pen. Air-pressure filling. Self-cleaning and easy to operate.

**Optional at no additional charge

A companion in beauty and performance THE CHILTON PENCIL

Its uniquely simple construction insures perfect performance and easy operation in propelling, repelling and expelling the lead. Each pencil holds a yard of leads. The leads can't get jammed, it works EVERYTIME, like the Chilton Wing-Flow pens which it companions in design and satisfaction. Give the two together and make your gift complete. Sets \$5., \$7.50 and \$10.
